Subject: Re: meeting summary?

Hello Mr. Ex. 6 - Personal Privacy

At the November 2011 Listening Session, the majority of concerns voiced were related to groundwater conditions and requests that EPA test the groundwater for contamination. The follow-up action that you asked about is that EPA Region 3 has since become involved, as requested. EPA began its involvement by reviewing existing groundwater results and then initiated its own sampling event in January 2012. The groundwater sampling is ongoing, however information, to date, is being posted on-line. The website url is: <http://www.epa.gov/aboutepa/states/pa.html> or go to www.epaosc.org/dimock_residential_groundwater. We will continue to post information on-line as work progresses. Thank you for your interest in the "Dimock Residential Groundwater Site." Please let me know if you have trouble accessing these website.

Sincerely,

Trish Taylor, Community Involvement Coordinator

Subject: meeting summary?

Ms Taylor,

I participated in a listening session for Pennsylvania residents of the Susquehanna River Basin which you facilitated at the Philadelphia EPA office on October 8, 2011. Thank you again for the effort you put into it.

When the meeting was breaking up, you stated that a summary would be posted to the EPA website. I've neither found any mention of the meeting on your web site nor received any followup to the meeting.

If something has been posted, could you please send me the link? If an email was sent to participants, could you please send me a copy? If neither of these has taken place, could you please provide me with a statement outlining what EPA learned at the meeting and what changes, if any, were made to policies or practices, or any other actions taken as a result?

Thank you.
